No Budget Cuts for UW

Governor Walker, be my Valentine. Don't break my heart by cutting funding for UW.

The University System is the beating heart of a vibrant Wisconsin economy. Every \$1 of state money put into the UW generates \$21 in economic activity.

Access to affordable, quality public education matters to all Wisconsin families. Have a heart, don't tear the UW apart. Make sure UW gets all the love we need in your budget proposal.

Love,
